IPR

Copyright

Copyright is a legal term used to describe the rights that creators have over their literary and artistic work. It includes books, music, paintings, sculpture and films, computer programs, databases, advertisements, maps and technical drawings.

Patents

A patent is an exclusive right granted for an invention. It provides the right to the patent owner a right to decide how-or whether- the invention can be used by others.

Trademarks

A trademark is a sign capable of distinguishing th goods and servises pf one enterprise from those of others enterprises.

Industrial Design

An industrial design constitutes the ornamental or aesthetic aspect of an article. A design may consist of three dimensional features.

Geographical indications

Geographical indications and appellations of origin are signs used on goods that have a specific geographical origin and process qualities, a reputation or characteristics that are essentially attributed to that place of origin.

Trade secrets

Tread secrets are IP rights on confidential information which may be sold or licensed. The unauthorized acquisition, use or disclosure of such secret information in a manner contrary to honest commercial practices by others is regarded as an unfair practice and violation of the trade secret protection.

Total 50 students and faculty attended the program.
