Session 2020-2021

Report on International Lecture Series

8th May 2021 to 26th June 2021

Every Saturday 10.30 am

Introduction-

The Covid 19 marred academic session of 20-21 was almost over and the dates of examination were announced then the second lock down was announced. The examinations were postponed indefinitely. During that time it was decided by IQAC that is essential to remain connected with the students and keep them motivated and focused to the studies. The International lecture series was planned to give students some higher order thinking and exposure to various topics outside their regular curriculum.

The topics were very diverse from information about GST, Stem Cell, Aromatic electrophyllic substitution like hard core theoretical subjects to MOOC , Medicinal plants, App. industry & handling black Fungus i.e., contemporary popular subjects.

Experts shared their time and expertise voluntarily from other states also. The institution is deeply thankful to the experts for their support. The attendance in the lectures was varied according to the subjects taken. Since many students shifted to their villages during that period connectivity issues were also there.

It was stopped when the online Examination dates were announced.

MITTAL INSTITUTE OF EDUCATION BHOPAL

International Lecture Series 2021 Lecture 1

GST : A STEP TOWARDS ONE NATION ONE MARKET

Assistant Professor
Dr. Vinod Adwani
Subject Expert :
Finance And Tax
