Report on Seminar on Role Of Literacy in Sustainable Development And Life on World Literacy Day

Since 1967, International Literacy Day (ILD) celebrations have taken place annually around the world to remind the public of the importance of literacy as a matter of dignity and human rights, and to advance the literacy agenda towards a more literate and sustainable society.

On this International Literacy Day which is celebrated on 8 September, to spread awareness about the importance of literacy for individuals, communities, and societies. Students have celebrated this day to raise awareness and concern for literacy problems that exist all across.

This year's International Literacy Day was celebrated worldwide under the theme, "Transforming Literacy Learning Spaces" and an opportunity to rethink the fundamental importance of literacy learning spaces to build resilience and ensure quality, equitable, and inclusive education for all.

In order to enhance student learning at the College in regards to sustainability literacy, MIE has planned a seminar on 8 September 2022 at MIT seminar Hall for all faculties and students especially for B.Ed & M.Ed
